OUR STORY

Nothing is impossible when you are focused and determined. What started out as a dream is now a reality. PRISM is the name of a journey that started out as realtors, then builders and finally developers. We did not get here overnight. For 18+ years, PRISM has been one of the elite real estate companies in the country. Spanning across the country with offices in Rawalpindi, Islamabad, Karachi, Lahore and Gujar Khan. We have delivered multiple projects and set milestones for other companies to follow. After shattering targets in real estate, we also took over the hospitality industry. We showed there is nothing that PRISM cannot achieve.
